

AZO Anwendungszentrum GmbH Oberpfaffenhofen is a specialist in the establishment and maintenance of international innovation networks in the field of commercial aerospace applications. AZO supports the development of new products and company foundations via a global partner network. Our customers include the **European Space Agency, AIRBUS, DLR, and the European Commission**. From our office, the **Raumfahrtstandort Oberpfaffenhofen**, we manage the leading innovation competitions in the field of space in Europe, such as the **European Satellite Navigation Competition, Copernicus Masters, Innospace Masters, and Space Exploration Masters**.

We are looking for the following **support** for our teams in Oberpfaffenhofen with immediate effect:

Innovation Competitions Project Team Member

Duties & Responsibilities

- Support for project management in the fields
- Stakeholder management and support of participants, finalists, winners and experts
- Content-related support of marketing activities (brochures, flyers, newsletter, social media activities, articles, research into success stories) and their release
- Participant research
- Maintenance of competition websites
- Presentation of the competitions at national and international events
- Collaboration in reporting (including statistics, clipping) and creation of presentations in PowerPoint
- Organisation and holding of evaluation meetings
- Content-related support of the Events department when organising preliminary events, award ceremonies, conferences

Successful candidates will have:

- Relevant studies e.g. geography, media and communication, European studies
- Recent graduates also welcome
- Interest and/or initial knowledge in the field of space, space applications and start-up events are an advantage
- Very good MS Office skills
- Knowledge of WordPress would be an advantage
- Fluent in written and spoken English
- Ability to work in a team, commitment, organisation and good communication skills
- Independent and reliable working approach

What we offer:

- Direct collaboration with various project managers and the head of department
- Work in an interdisciplinary team
- Flexible and varied position in an international environment
- Interesting business trips
- Initially limited to 2 years

Curious? Then get to know us!

Please send your application with your CV and your possible start date by e-mail to our executive board. If you have a LinkedIn or Xing profile, simply send it as well!
